

Ascenty

A Digital Realty and Brookfield Infrastructure JV

HORTOLÂNDIA CAMPUS

Hortolândia Campus

An up-and-coming city in the Campinas Metro Area, Hortolândia has quickly become an important regional city. Hundreds of companies have migrated there, making it a fast-growing industrial and technological hub.

The campus currently has four data centers totaling 85 MW power capacity and 602,000 sq ft of space. And it was developed with an infrastructure prepared to offer redundancy in all its systems, including power, air conditioning and networks.

Rua Papa João Paulo II, 4 - Jd. Santa Izabel,
Hortolândia - SP, 13185-252

Certifications

To ensure the operational continuity of your business with the quality, reliability and uptime you need, Ascenty's expertise has been evaluated, recognized and certified by the industry's leading global certification bodies.

*This board contains all Ascenty certifications, not just the certifications for this site/campus.

+ information on our Data Center

CONNECTIVITY

- Carrier Neutral.
- Dedicated Telecom meet me rooms.
- Direct connection with PIX Campinas and PIX São Paulo, and with main cloud providers.

SECURITY

- 24/7 Monitoring using CCTV cameras with high-definition automatic movement detection.
- Dual authentication for access control using biometric and magnetic cards.

POWER

- Tri-bus redundancy system (three power lines servicing each data hall).
- Dual diesel fuel storage tanks with 48 hours of fuel autonomy without refueling.

COOLING

- Isolated technical corridors for equipment maintenance.
- Dual coil cold water chiller system.

One of the best cities to invest in is home to six Ascenty data centers

The city of Hortolândia is a major economic force in the São Paulo State, and has been named one of Brazil's top 100 cities to invest in.

As a result, it has been attracting more and more companies and industries looking to tap into its potential.

Ascenty built six data centers in Hortolândia to meet the local demand from this bustling city and surrounding area. They are all built on the concept of powerful and cutting-edge infrastructure, offering redundancy and scalability.

- Cages
- Área Dedicada

► Soluções Complementares

- Smart Hands
- Work Areas
- Soluções de Implementação
- Disaster Recovery

Connectivity

► Internet

- Banda IP
- Link IP
- Anti DDoS

► Interconexão

- Cloud Exchange
- Internet Exchange Point (IXPs)
- Cross Connect

► Telecom

- DWDM
- MPLS
- Lan to Lan
- Fibra Apagada
- Last Mile

Cloud Connect

- Microsoft ExpressRoute
- Amazon Direct Connect
- IBM Cloud
- Oracle FastConnect
- Google Cloud Interconnect

About Ascenty

Ascenty, a Digital Realty and Brookfield company, is the largest connectivity and data center service provider in Latin America, currently managing 34 data centers in operation and/or construction in Brazil, Chile, México and Colômbia, interconnected by 5,000 km of proprietary fiber-optic network.

The company was established in 2010 and builds and operates world-class data centers serving the world's largest cloud and technology providers, as well as other customers in the finance, retail, industrial, healthcare and service industries. To support the company's expansion, Ascenty is backed by its shareholders which include Brookfield Infrastructure Partners, a Canadian asset management company and Digital Realty, the world's largest data centers provider with more than 300 data centers located in 06 continents, such as North America, Europe, Latin America, Asia, Africa and Australia.
